

Hebrews 2:1

"The Great Drift"

Today, we will read this verse that the author of Hebrews wants to help us understand just how easy it is to drift away from our spiritual foundation. We say, "That will never happen to me." However, just like in my near death snorkeling excursion, it can happen - and it happens to people every day.

Hebrews. 2:1 "We must pay the most careful attention, therefore, to what we have heard, so that we do not drift away."
